Sharing Places -- School Yard Walk

Part 1: Before Your Walk

We share our school with many others including animals, plants, water, and other humans. We can learn a lot from others about our school yard by asking questions and making observations.

*Before we go outside for a walk, draw a picture of **who** and **what** you remember is outside around our school. Include words, symbols, and drawings.*

What kinds of things do you think we can learn by walking in our school yard?

Part 2: After Your Walk

Think about what you observed on your walk. Draw another picture of who and what is in our school yard. Use words, symbols, and drawings to share your ideas.

With a partner, talk about if your first drawing (that you made before the walk) changed after your walk. If your first drawing did change, talk with your partner about how it changed.
